Attendance & Time Tracking Module

The Attendance & Time Tracking section of the HRMS Employee Panel enables seamless, accurate, and real-time monitoring of employee presence, working hours, and attendance behavior. It empowers employees to self-manage time-related functions while giving HR and managers full transparency and control.

🔹 Key Features and Functions:

1. Clock In/Out Flexibility

- Employees can record their work start and end times using multiple modes:
    - Biometric Devices (fingerprint/face recognition)
    - Web Portal Access (using secure login from office systems)
    - Mobile App Access (with GPS & geofencing support for field staff)
- Ensures real-time capture and synchronization of data across all devices.

2. Attendance Dashboard

- Personal dashboard view for employees showing:
    - Daily, Weekly, and Monthly Attendance Summary
    - Total Hours Worked
    - Late Arrivals / Early Departures
    - Working Days, Absences, and Holidays
- Color-coded visualization for easy understanding of attendance trends.

3. Regularization Request

- Employees can raise requests for:
    - Missed Punches
    - Incorrect In/Out Times
    - Half-day or Full-day Adjustments
- Requests are routed to respective Reporting Managers or HR for approval, with tracking of status (pending/approved/rejected).

- System logs all changes for audit trail and transparency.

4. Real-Time Alerts and Notifications

- Automatic alerts for:
    - Missed attendance logs
    - Approval pending notifications
    - Shift changes or work-hour anomalies
- Ensures accountability and promotes punctuality.

5. Integration with Payroll & Leave

- Accurate attendance data is automatically pushed to:
    - Payroll Module – to calculate pay based on present days and working hours.
    - Leave Management Module – to deduct or regularize leaves as needed.
- Minimizes manual interventions and errors in salary processing.

6. Compliance & Policy Control

- Built-in support for organization-specific attendance policies:
    - Grace time, late coming rules
    - Overtime calculation
    - Weekly offs and holiday rules
- Customizable shift rosters and auto-shift detection available.
