🌟 Employee Panel – Core Functionalities of HRMS Services

The Employee Panel is the heart of the HRMS (Human Resource Management System), empowering your workforce with real-time access to their personal, professional, and administrative information—anytime, anywhere. Designed for ease of use and productivity, our HRMS transforms traditional HR functions into an automated and transparent experience.

👤 Employee Profile Management

- View and update personal information (contact, bank details, address, emergency contact, etc.)
- Maintain educational qualifications and professional experience
- Upload and manage essential documents (ID proofs, certificates, etc.)

🗓️ Attendance & Leave Management

- Real-time attendance tracking with geotagging and facial recognition (if enabled)
- Apply, view, and track leave requests
- View leave balance, holiday calendar, and leave policies

💳 Payroll & Salary Slip Access

- Access monthly salary slips and tax statements
- Download Form 16 and IT declarations
- Salary breakdown and CTC transparency

📄 Performance & Appraisal System

- View KRAs/OKRs and performance targets
- Submit self-appraisals and view manager feedback
- Access appraisal history and performance ratings

📢 Announcements & Notices

- Stay updated with HR policies, circulars, and announcements
- Company-wide notices and personalized messages

🛠️ Helpdesk & Support

- Raise service tickets for HR-related queries
- Track ticket status and response time
- Escalation matrix visibility

📚 Training & Development

- View upcoming training sessions
- Access e-learning modules and certification tracking
- Feedback system for completed training programs

👥 Team Directory & Collaboration

- View department/team structure and reporting hierarchy
- Access colleagues' contact and professional details
- Internal chat/messaging (if integrated)

🗓️ Travel & Reimbursement

- Apply for travel approvals and advances
- Submit expense reports with receipt uploads
- Track reimbursement status and history

🔐 Mobile Friendly & Secure

Our HRMS is built with a mobile-first approach and enterprise-grade security, ensuring seamless and protected access for your workforce, whether in-office or on the move.

📱 Cross-Platform Access

- Fully optimized for **Web**, **iOS**, and **Android**
- Lightweight mobile UI for quick navigation
- Instant notifications for approvals, reminders, and alerts

🔒 Data Security & Compliance

- **256-bit SSL encryption** for secure communication
- **Multi-Factor Authentication (MFA)** for enhanced login security

- **Role-Based Access Control (RBAC)** ensuring employees only see what they are authorized to view

📜 Global Compliance Standards

- **GDPR** compliant data handling for global workforce
- Adheres to **labor laws**, including wage protection, employee privacy, and grievance redressal norms
- Regular data backups and disaster recovery mechanisms in place
