Core Functions of Payroll & Salary Module

1. **Payslip Access and Downloads**
    - View and download monthly payslips in PDF format.
    - Access annual salary slips with cumulative breakdown.
    - Review previous months' salary history for personal record-keeping or verification.
2. **Detailed Salary Structure**
    - Transparent view of basic pay, HRA, special allowances, and performance-based components.
    - Track monthly bonuses, incentives, and overtime benefits.
    - Access to breakup of fixed and variable components.
3. **Tax Information and Compliance**
    - Real-time visibility into monthly and annual tax deductions (TDS).
    - Access to investment declaration status and tax saving projections.
    - Download **Form 16** for income tax filing.
4. **Deductions & Reimbursements**
    - Track deductions for PF, ESI, professional tax, etc.
    - Status of reimbursements like travel, phone bills, internet, etc.
    - Reimbursement claim submission and tracking option.
5. **Loan & Advance Management**
    - View details of company-provided loans or salary advances.
    - EMI schedule and pending balance tracking.
    - Direct deduction status from salary.
6. **Bonus & Incentive Details**
    - Check earned and upcoming bonuses.
    - Incentive structure linked with performance metrics.
